

Nothing is wrong with you.

You have prayed, tried, and done everything you were told,
and still found yourself in the wrong place, overlooked,
passed by, standing at doors that would not open. It is not.
Renaissance of the Poor Soul is for every soul that has been
afflicted, lost, restless, tormented, weary, and still refused to
stop believing. It offers the company of honesty, the comfort
of being truly understood, and the quiet, stubborn promise
that the darkness will not have the last word.
Your renaissance is not behind you. It is ahead.

RENAISSANCE of the poor soul.
